

Focused on Texas grown wines made in an Old World style with low-intervention winemaking. Since 2008, founders William "Bill" Blackmon and Chris Brundrett have sourced grapes from Estate vineyards and partners alike, prizing sustainable practices and the expression of Texan terroir.

2021 CINSAUT Texas High Plains

The red Cinsaut grape finds itself in the warm regions that have embraced the brambly, spiced aromas of this heat-tolerant variety. Southern France, Morocco, Chile, and even Lebanon grow this grape where it pairs to spiced dishes made from hearty meats like mutton. This grape is a no-brainer for the intense conditions in Texas!

VARIETIES: 100% Cinsaut

AVA: Texas High Plains

Vineyards: La Pradera Vineyard, Moonlight Vineyard

The Texas High Plains is the second largest designated grape-growing region in Texas, spanning 8 million acres, yet it is responsible for the majority of the wine grapes grown in the state. A rare set of growing conditions make this area unique. On a vast, flat plain, the vineyards reach elevations of 3,000 to 4,500 feet, resulting in well-balanced wine.

2021 VINTAGE: A mass freeze in February and hail in May reduced quantity significantly, yet a cool summer yielded exceptional quality and balance in the remaining grapes.

TASTING NOTES

Aromas of apple, spiced orange tea, wild cherry, and freesia. An exotic, fruity wine with impressive texture! Dry, with slight tannins and just enough of a tart kiss to remain refreshing when served lightly chilled. A fruit-and-spice wine; great for the heat of summer or the holiday table.

FOOD PAIRING

Friendly with rich meat where the fruitiness of the wine will balance gamey, spiced, or fatty cuts.

WINEMAKING: Fermented in separate lots in oak fermenter for an average of 10 days.

Aged for 18 months in neutral oak. Moonlight Cinsaut aged in concrete tank for 10 months before blending.

AGE OF VINES: 7-11 years

Serve at 55°F

SOIL TYPE: Amarillo fine sandy loam over limestone base

Drink now to 2026

ELEVATION: 3,300 ft

ABV: 14.2% | RS: Under 1 g/L

CASES PRODUCED: 411
