

Focused on Texas grown wines made in an Old World style with low-intervention winemaking. Since 2008, founders William "Bill" Blackmon and Chris Brundrett have sourced grapes from Estate vineyards and partners alike, prizing sustainable practices and the expression of Texan terroir.

2024 ENCHANTÉ Texas Hill Country

Enchanté is a Bordeaux-style blend. It became an annual flagship wine from when we opened our doors in 2008. For us, this wine is meant to say “enchanté,” which translates to “please come share a piece of our world.”

VARIETIES: 60% Cabernet Sauvignon, 25% Malbec, 15% Merlot

AVA: Texas Hill Country

Vineyards: Fovel Family Vineyard, Blackmon Ranch Vineyard

The Texas Hill Country is the largest of the eight American Viticultural Areas of Texas, spanning 9 million acres. With diverse soil types and bedrock, including both limestone and granite, and varying elevations, the potential for this region is magnificent as long as the varieties planted are resilient against the Hill Country’s signature warmth and humidity.

2024 VINTAGE: A mild winter transitioned into steady rainfall into late spring, ensuring proper bud break and fruit set. A cooler summer enabled ripeness without risking metabolic stalling.

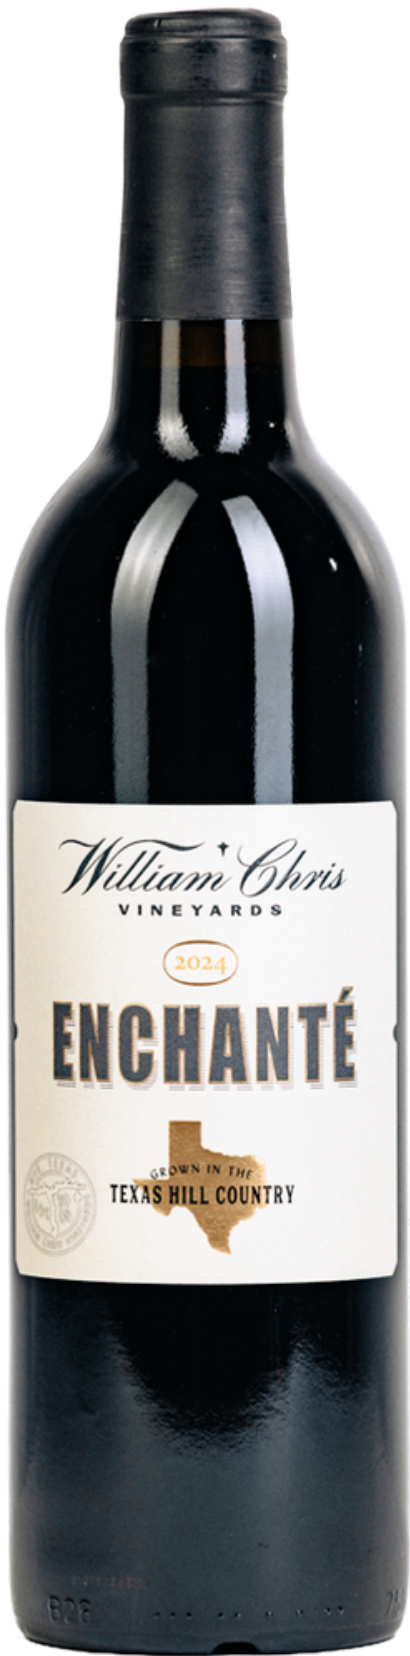

TASTING NOTES

Deeply fruity on the nose, but it opens up impressively. A thick veil of black and purple berries lifts off to reveal a core of rosehip, lavender, wild mint, granite, black cherry, and hints of rhubarb. The tannins are impressive, as is the acidity, which will ensure lengthy development.

FOOD PAIRING

Pair with smoked game bird or venison, root vegetables cooked in butter, and nutty Gruyere.

WINEMAKING: Fermented by variety for 12 days. Held in barrel for 6 months before preliminary blending.

¼ of blended lots went into new French oak barrel and ¾ in neutral barrel for 10 months before final blending.

AGE OF VINES: 9-12 years

Serve at 59° F | Decant

SOIL TYPE: Decomposed granite over sandstone; poor, shallow soils; sandy loam over clay to sandstone

Drink now to 2041

ELEVATION: Average 1,500 ft

ABV: 14.3% | pH: 0.00 | TA: 0.00 g/L | RS: 0.00 g/L

CASES PRODUCED: 728
